

# ***KR 219 RSF Plow Folder***

***Affordable, Inline Folding System***

Add folding capability to your KR card attaching system using the KR 219 RSF.

Roll the KR 219 RSF inline with your card attaching system to score and fold a variety of paper products. An in-feed registration system ensures accuracy and reliability. Dual scoring wheels adjust across the entire paper path for maximum flexibility. Setups are fast and easy using the sliding bed arrangement for aligning the score with the fold plate.

Use the KR 219 RSF in-line with most brands of inkjet bases and card attaching systems.

For additional folds, use the KR 219 FM.

Improve productivity while adding flexibility to your operation using the KR 219 RSF

## **Key Benefits**

- Combines operations improving productivity
- Integrates with KR inkjet bases
- Heavy-duty construction

## **Features:**
